

## MAN SHOT IN ROW WITH LANDLORD IN BENSLEM TWP.

Argument Started When Tenant Started To Move

### VICTIM IN HOSPITAL

Henry Hayes, 39, Expected To Recover From Rifle Wound

A man was allegedly shot during an argument with his landlord in Bensalem Township last night.

The victim, Henry Hayes, 39, Bridgewater road, was shot, police say, in the right shoulder, in front of his home about two miles north of Route 13. Hayes' condition this morning was reported as about the same as at the Nazareth Hospital, where it was stated that he was resting comfortably.

The landlord was identified by the officers as Layon Snelling, 41, of the same address as Hayes.

According to State Police, the two men argued, following which Hayes moved his personal belongings to the street, with intentions of moving.

The argument continued outside of Snelling's house, police said, when the latter suddenly pulled a small caliber rifle and fired at Hayes.

Langhorne State Police took Hayes to the office of a local physician for first aid treatment, after which he was taken to Nazareth Hospital in Philadelphia by the Bucks County Rescue Squad.

The investigation will be continued by Bensalem Township police.

## Talents Displayed By Newtown Jr. Clubwomen

NEWTOWN, Nov. 23—Unusual hobbies and entertaining talents were presented at the November meeting of Newtown Junior New Century club. Hooked rugs, painted and stenciled trays, water colors, aprons, etc., all handcrafted by club members, were displayed.

Mrs. Robert Sheeran presided at a short business meeting, during which she introduced several guests and announced the fall dinner to be held at Doylestown Inn, Nov. 29th. It was voted that \$50, proceeds from the fashion show, be given to the Youth Center and \$10 be donated to the Korean CARE packages.

A mock television broadcast, M.C'd by Mrs. Crawford Moulton, was presented by the hobby and talent committee. Mrs. Donald Sparks, pianist, played a medley. Mrs. Steven Schlacter sang "A Heart That's Free." The art of fencing was demonstrated by Mrs. David Rishel and George Carleton. An arrangement for four hands of a Hungarian Rhapsody by Liszt was played by Mrs. Donald Sparks and Mrs. William Alexander. The "Hayseed Group", led by Mrs. David Gould, demonstrated square dancing technique, with Mrs. Joseph Rohrbach, Mrs. Robert Austin, Mrs. Stephen Escher, Mrs. Alan Brady, Mrs. James Williams, Mrs. Joanne Woodman and Mrs. Douglas Pritchard. Mrs. Robert Titlow was the auctioneer for a sale.

The committee in charge: Mrs. Alan Brady, chairman, Mrs. Charles Granzow, Mrs. Robert Lehnen and Mrs. Wayne Dallas. Mrs. Stanley Sutton, Jr., and Mrs. Lawrence Russell poured.

## STATE INDUSTRIES ARE CUSHIONED FROM SHOCK

Increased Defense Contracts Should More Than Make Up Other Losses

### GROUNDWORK IS LAID

In the last of three articles, International News Service tells how Government officials are laying the groundwork to cushion Pennsylvania's industries against the shock of transition from consumer production to defense work.

By Anthony Zecca

(I. N. S. Staff Correspondent)

PHILADELPHIA, Nov. 23—(INS)—

Further crippling of Pennsylvania manufacturers making consumer goods is in store today with pending cutbacks in vital materials, but increased defense contracts should more than make up the loss.

The latest slashes in essential materials announced last week are the forerunners of even more cuts as the partial mobilization program gains momentum.

It is estimated despite complaints by some manufacturers, that currently only 12 per cent of the total manufacturing output in the State is for defense production.

But informed forecasters predicted that this figure will jump to about 15 per cent at the turn of the year and 20 per cent by the end of 1952.

This, it was pointed out, is in keeping with the "guns and butter" partial mobilization policy aimed at maintaining a high level of civilian production.

## ZIMMERMAN DIES AS RESULT OF INJURIES

William J. Zimmerman Succumbs In a Phila. Hospital, Yesterday

### A MILITARY FUNERAL

Seven weeks after sustaining injuries when his automobile struck a parked machine at Eddington, William J. Zimmerman, 1932 Chestnut street, died yesterday morning in Nazareth Hospital, Philadelphia.

Zimmerman, a veteran of service in the U. S. Navy, had been a chief petty officer, having served for 6½ years. He was at the time of his fatal injury, a negotiator for the Electrical U. E. Union.

Son of Mrs. Jennie Zimmerman, 1932 Chestnut street, and the late Elmer E. Zimmerman, he is also survived by two sisters, Mrs. Harold Ruhl, Maple Shade, and Mrs. Frank Schweitzer, Newport road, West Bristol; a brother, Charles J. Zimmerman, Chestnut street; and an uncle, William Daniels, Trenton, N. J.

The accident in which Zimmerman was hurt, occurred at 1:45 on the morning of Oct. 4th at the intersection of Route 13 and Street

## HOSPITAL FUND GOES \$5,933.73 OVER THE GOAL

Official Closing Marked and Success is Announced For the Project

TOTAL IS \$2,005,933.73

Officials Are Assured That Other Subscriptions Will Be Received

With an official closing figure of \$2,005,933.73, the \$2,000,000 goal of the Lower Bucks County Hospital Building Fund has been reached. It was announced today by James E. Harris, president of the hospital and general chairman of the building fund.

Success of the drive has been made possible by subscriptions from several phases of the effort totalling over \$13,900 received since the campaign's Victory Dinner on November 15, bringing the total amount raised in the community to \$1,205,933.73. This amount, together with anticipated federal funds of \$800,000, has enabled the \$2,000,000 goal to be surpassed. However, fund officials have been assured that before the end of the year several corporations in the area, as well as numerous individual subscribers intend to make pledges which will result in a total far in excess of that currently reported.

In making his announcement, Mr. Harris said:

## SAY SKELETON IS THAT OF WOMAN FROM BETHLEHEM

Surgeon and Relatives Identify Skeleton Found at Edgely

BURIAL TOMORROW

Philadelphia Surgeon Tells of Operating Upon the Deceased in 1949

Positive identification of the skeleton of the woman found at Edgely last Saturday was made yesterday. The members of the woman's family and the surgeon who performed a brain operation upon the deceased came to Bristol and made the identification.

The skeleton was identified as that of Mrs. Anna Malinowsky, 62, of 1530 East 3rd street, Bethlehem. The husband, Michael; two sons, Michael, Jr., and Peter, of Bethlehem; and a daughter, Mrs. Mary Votral, Bethlehem, came to Bristol, and after the identification, made the funeral arrangements with John C. Black, who will bury the deceased.

Dr. Robert A. Groff, brain surgeon of Graduate Hospital, Philadelphia, who had operated upon Mrs. Malinowsky on May 4, 1949, completed the identification of the two holes in the head which had been made by surgical instruments.

### THEY ALL GIVE

One of the Navy's big aircraft  
carriers under way is an inspir-  
ing sight in its own right. When  
the tremendous expanse of flight  
deck is lined off in files of white  
capped bluejackets, spelling out  
some message, the result is a tre-  
mendously effective advertising  
medium.

The carrier Oriskany sailed  
into New York the other day, its  
crewmen spelling: "Oriskany  
Can Do 100 Per Cent—Can  
You?"

The reference was to a pledge  
by the 1,100 men in the ship's  
complement to donate a pint of  
blood each. The carrier Boxer  
gave more than 2,000 pints a few  
weeks ago. The Wasp came  
through with more than 1,000  
pints.

From the looks of things, the  
carrier forces are bleeding them-  
selves white in the interest of the  
armed forces' blood campaign.

There have been charges that  
the civilian donation campaign  
isn't going as well as it might.  
The implication is that civilians  
are selfishly holding back. Such  
charges ignore the facts.

National officials of the blood  
campaign admit that the response  
is spotty, but they are aware why.  
Some areas are better organized  
to collect the donations than  
others. It's as simple as this. The  
response to the blood campaign  
is tied directly to the amount of  
organization and public education  
that have been devoted to it.

### AN OLD FRIEND RETURNS

To most Americans it will be  
good news that the number of  
"family" doctors, as distinguished  
from specialists, is definitely on  
the increase. There are times, of  
course, when the job at hand can  
only be done by an expert in one  
particular medical field. But ever  
since the early '30s there has been  
a serious dearth of men willing to  
treat practically all ordinary dis-  
eases.

This "renaissance of the gener-  
al practitioner" was described in  
detail at a meeting of the New  
York Academy of General Prac-  
tice, attended by more than 1,500  
"family" physicians and the pur-  
pose of which was to brief them  
on latest advances in diagnosis  
and therapy.

The chief speaker was Dr.  
Wingate M. Johnson of the De-  
partment of Medicine of Wake  
Forest College, and he offered  
evidence to support the theory  
that general practice is back in  
the favor of present and prospec-  
tive physicians.

During the past five years the  
number of medical school stu-  
dents preparing themselves to be  
general practitioners has grown  
amazingly. But the practical testi-  
mony on the subject is to be found  
in figures on doctors' incomes  
which have been compiled.

According to this report, the  
difference in the net income of  
family doctors and specialists is  
leveling off. In 1929, specialists  
earned 250 per cent more than  
general practitioners. In 1949,  
only 70 per cent more.

## Tests Reveal Ways To Stop Skid-Wrecks

Continued from Page One

synthetic tires wear better, perform normally on dry or wet pavements and have other advantages.

The tests indicated that on snow and ice even the specialized winter tires now appearing on the market showed relatively little overall improvement over conventional tires in comparison with the stopping and traction ability possible by using reinforced tire chains, Prof. Easton said.

The test report defined three types of special winter tires: "winterized" tires of conventional tread containing embedded materials or fine lacerations and cuts; "mud-snow" tires characterized by a deep tread pattern of lug design; "winterized mud-snow" tires combining deep tread with the lacerating treatment.

"While the performance of several specialized tires shows definite improvement for specific conditions

over conventional tires, their overall improvement is not great enough to warrant less care of prevention when driving on slippery surfaces," Prof. Easton warned.

"As an example, the stopping distance on glare ice of the best specialized tire tested is still about eight times the normal stopping distance on dry concrete. Several of the specialized tires, although showing some improvement under specific conditions, are no better, and in some cases even worse, than the conventional tread tires under other conditions.

"As a corollary to the above," Prof. Easton said, "it seems evident that the basic recommendations of the committee are still applicable. These recommendations are: (1) get the feel of the road; (2) adjust speed to road and weather conditions; (3) use tire chains for severe snow and ice conditions; (4) pump the brakes to stop; (5) follow other vehicles at a safe distance and (6) keep the windshield and windows clear."

On the basis of stopping and traction tests conducted during

January of this year of representative specialized tires on the rear wheels only, the most significant findings, Prof. Easton said, were:

1. Stopping distances with conventional tires on hard-packed snow were about three times the normal stopping distance on dry concrete. With the best of the specialized tires, stopping distances on packed snow were about two and one-half times the dry concrete distances, and with reinforced type tire chains stopping distances on packed snow were nearly twice that obtained on dry concrete.

2. "Winterized" tires offered an average improvement of about 5 per cent in stopping ability on hard-packed snow, but their traction ability was 10 per cent less than conventional tread natural rubber tires.

3. Tires of the "mud-snow" type reduced stopping distances on hard-packed snow an average of 13 per cent compared with conventional tread natural rubber tires. In traction ability, one of the tires of this group showed an increase of 47 per cent over conventional tires, where-

as the other showed an improvement of only 1 per cent.

4. "Winterized mud-snow" tires showed an average improvement of 17 per cent in stopping ability, and 19 per cent in traction ability on hard-packed snow compared with conventional tread natural rubber tires.

"Reinforced tire chains are far superior to the best of the tires tested," said Prof. Easton, "both in stopping and traction ability on hard-packed snow. They showed an improvement over conventional tread natural rubber tires of 39 per cent in stopping ability, and 273 per cent in traction ability. On glare ice, their improvement averaged 56 per cent for stopping and about 650 per cent for traction ability or grade climbing."

With reinforced chains, the tests revealed, a car can climb a grade of about 23 per cent on ice or snow, while the best of the special winter tires can negotiate only a 4 per cent grade on glare ice, and an 8 per cent grade on hard-packed snow.

The Council committee, made up of public safety officials, automo-

tive and tire engineers, insurance men and fleet owners, scientific research men and traffic safety educators, also made the following recommendation in its report:

"In view of the serious consequences often resulting from exaggerated claims for the performance of any product when traffic safety is involved, it is important that extreme care be used in all publicity to avoid misleading statements."

### FAT REWARD

VIENNA—(INS)—The worsening fat-shortage in Romania has forced the Communist government to appeal to the Romanians to increase production of vegetable oil. The Romanian Ministry of Food called upon the people to "go to the forests and gather beechnuts" granting small rewards to beechnut collectors.

## State Industries Are Cushioned From Shock

Continued from Page One

production while simultaneously bringing about a great expansion in defense production.

Industries which normally might collapse, with resulting unemployment, because of the lack of necessary materials would remain on their feet, under the program, by obtaining defense contracts to offset their reductions in civilian output.

This was most notably demonstrated in the "Pennsylvania Plan" tried successfully by Federal authorities in the Wilkes-Barre-Scranton areas.

The partial mobilization, although painful in some industries, will be a much less bitter dose than in World War II, when some 45 per cent of the State's total output was in war production—the peak figure reached toward the end of 1944.

National production authorities feel, however, that this policy will

pay off in the event of a sudden total war because the groundwork already will have been laid and spread over a wide network as compared to the sudden shock of the last war.

And labor and manpower officials feel the transition will be that much easier for the same reason.

One official said: "Our planning is based on the assumption that we can do the job on a voluntary basis without compulsory manpower controls in the event of an all-out war."

He explained that labor-management committees are being set up in areas where significant manpower problems exist to iron them out while there is still time.

Such a committee is already at work in York, famed in World War II for the "York Plan," to pool production facilities of a number of plants when resources of any individual plant are inadequate to meet contract demands.

The official explained: "In the last war, we had a situation where we plunged almost overnight from straight civilian produc-

tion to all-out war production. As a consequence, production facilities had to be expanded suddenly, and employment dislocations were severe.

"Today we are moving through a partial mobilization period which will gear our production CAPACITY to meet the combined needs of civilian and defense programs."

He added: "Thus, if it becomes necessary to shift the ratio of defense production quickly, as in the case of war, the capacity will already exist, both in terms of plant and work force, and the transition should be much smoother, requiring less in the way of mandatory controls over workers or employers."

### RAIN CLEANER

PARIS—(INS)—Afraid of the atom bomb and radiation? Stop worrying—at least that's what a French scientist advised. The radioactive effects of the atom bomb can be cleansed from the air by rain—natural rain or artificial rain, said Hubert Carrigue in a Paris newspaper.

A Thanksgiving guest of Mr. and Mrs. John Greenlee and family was William Beyer, Trenton, N. J.

Mrs. James Harris, Sr., was hostess to 14 members and one visitor at a meeting of the W. S. C. S. of the Emilie Methodist Church, Tuesday evening, at her home. Presiding was Mrs. Jack Hook, Edgely. Mrs. John Kilian, Edgely, was in charge of the devotional period.

giving a reading on "Thanksgiving, 1951" and part of Psalm 37. Mrs. Hook read an article by Vincent Peale concerning "Thanksgiving." In the absence of Mrs. E. H. Shoemaker, who has moved, Mrs. Samuel Miller, Edgely, acted as secretary and will until January when election of officers will take place. It was decided to reinstate the calendar fund to extend for one year. Five dollars worth of gifts are to be sent to the Deaconess Home, Philadelphia, to be distributed among Recreational centers there. Mrs. Robert Baker and Mrs. Horace Booz were appointed a committee to purchase gifts for five or six shut-ins in the vicinity at Christmas. The Christmas party will be Dec. 19th at Mrs. Arthur Williams, when "Pollyanna" gifts will be exchanged and revealed and new names given. Refreshments were served.

### HULMEVILLE

## Rigby-Hibbs Nuptials A Thanksgiving Season Event

CORNWELLS HEIGHTS, Nov. 23

On Wednesday evening at eight in the Cornwells Methodist Church, Mrs. Elaine Hibbs, daughter of Mr. and Mrs. Elmer Muller, and Mr. Norman Rigby, son of Mr. and Mrs. J. Alfred Rigby, were united in marriage by the Rev. Alfred C. Reinert.

The bride wore a street-length dress of ivory tone wool featuring gold thread throughout. It was patterned with a round neckline, cape sleeves and full skirt. Her hat matched the dress, and she wore brown slippers and white gloves. Her corsage was of white orchids.

The bridesmaid, Miss Rosemary Muller, sister of the bride, was costumed in aqua, made the same as that of the bride. Accessories were brown. She wore white gloves and a purple orchid.

Mr. Frank Minster was best man for Mr. Rigby.

The newlyweds left on a short honeymoon to Virginia. They will be at home in their apartment on Bristol Pike, Bridgewater, after Dec. 1st. Mr. Rigby is employed by the Pennsylvania Saft Co. Mrs. Rigby is employed by Badenhausen Corp.

The bride's gift to her attendant was a gold necklace. The bridesmaid gave the best man a belt and buckle set.

### GOOD PRESSING IS IMPORTANT ITEM IN CLOTHING UPKEEP

By Frances Vannoy (Home Economics Extension Representative)

Good pressing is important to the upkeep and appearance of your family's clothes. Here are a few tips to help you do the job easier and give a professional finish to your pressing.

Whether you use a steam iron or a regular iron with pressing cloths, press with the grain of the fabric. That means you push or slide the iron along the crosswise and lengthwise threads of the material, but never on the bias or the diagonal. Press in the direction of the woven threads to avoid stretching the garment out of shape. Examine each garment carefully and press with the grain to keep the hemline straight and even.

With a regular iron, test for the best temperature in an inconspicuous place of the garment, such as back of the hem or belt. Nylon, acetate rayon, and some of the new test-tube fibers, such as Dacron,

## MARIAN KEMP'S RECIPE CONTEST

By MARIAN KEMP

Director, American Stores Co. Home Service Bureau

Star of DIVIDENDS FOR HOMEMAKERS—1:30 P. M.—WCAU-TV

WITH fall just around the corner, it's time we started thinking of school-day lunches. And whether you pack the lunches or the children come home for them, we think the dessert featured on last week's Recipe Contest is ideal. It's tempting cherry pie.

The judges in last week's contest were Miss Martha Swain of the Cafeteria Department of the Philadelphia Board of Education, and Mrs. Eleanor Jordan, home economist at the Philadelphia Gas Works Company. They picked as our winner, Mrs. Bessie Judd, 4518 N. Uber Street, Philadelphia.

How about adding Mrs. Judd's prize-winning recipe to your collection? The children—and papa, will love you for it!

**Cherry Pie**  
4 cups drained cherries  
1 cup juice  
1 cup sugar  
3 tbsp. corn starch  
1 tbsp. butter

Combine sugar and corn starch, blend well. Add juice and cook until thickened and clear. Add butter and remove from heat. Add to cherries. Fill pastry-lined 9-inch pie plate. Top with crust and bake at 400 until done. (About 35-40 minutes.)

Our three contestants were representatives of various women's service organizations, and told me of the various charitable work now being done in them. All of our contestants will donate their prize money toward this end.

Mrs. Judd represented the Unity Sisterhood of the Dames of Malta. She is donating her \$25.00 prize to the Sisterhood's many charitable endeavors.

Another contestant was Mrs. Samuel Mayberry, Wentz's Church Road, Worcester, Pa. Mrs. Mayberry came to us from the Women's Guild of the Evangelical Reformed Church in Worcester. She told me she is donating her prize money to the Guild's Building Fund.

Our other contestant was Mrs. Elsie Molin, 4338 Mitchell Street, Philadelphia. She is a member of the Palestine Court, Order of Amarith. Her \$25.00 prize money will be added to the Court's treasury for charity work.

require only a moderately warm iron. If the iron is too hot the fabric sticks to the iron or melts. A steam iron usually does not have this effect.

When steam-pressing wool with a regular iron, use a pressing cloth of a weight suited to the weight of the wool to be pressed. Use a thin pressing cloth for lightweight wools; a medium pressing cloth of heavy sheeting or muslin for medi-

um weight wools. Press heavy wools with a thick pressing cloth of drill or duck. Before using a pressing cloth of either of these materials, boil in soapy water and rinse well to remove all sizing, then hem to keep lint from the wool. You can stitch a piece of soft wool, such as flannel, to one side of the cotton pressing cloth.

A pressing cushion or tailor's ham and a sleeve roll will help you do a better job of pressing the curved surfaces, such as the lapels and sleeves of a jacket. To give a sharp crease to folds, a wooden spanker or clapper is helpful.

Keep enough hangers on hand so you can hang clothes properly after they are pressed.

BRISTOL HIGH WINS CHAMPIONSHIP OF LOWER BUCKS CO. CONFERENCE BY DEFEATING MORRISVILLE, 19 TO 13

MORRISVILLE, Nov. 23.—A determined Bristol High team won the championship of the Lower Bucks County Conference yesterday morning as it defeated Morrisville High in one of the best struggles of the 24 annual Thanksgiving Day meetings of the two teams. Final score was 19-13.

The game was a "must" for Bristol and it came through in fine fashion to cap the confusion for Coach "Chick" D'Angelo and his assistant, Ben Watson, in their first season as head coach and assistant, respectively, of the football squad.

The Warriors ended the Lower Bucks season with five wins and a lone loss inflicted by Bensalem, Morrisville and Bensalem were docked for second place with nine points each. Morrisville could have won the title by either tying or beating Bristol in yesterday's conflict.

The game was closely fought from start to finish. Morrisville had a touchdown recalled because of a penalty and then Bristol took a 12-0 lead. Morrisville shaved it to 12-7 at the half-time whistle. Bristol forced ahead to increase the edge to 19-7 in the third quarter but the Bulldogs scored again to cut it to 19-13. In the final minutes of play, Bristol seemed headed for another touchdown, the game ending with the ball on the Morrisville 5-yard line.

In first downs, Bristol had a night edge, 8-7, with Andy Accardi, Al Holeten, and Jack Gleason doing the bulk of the ground gaining for the Warriors and Ed Kohler most of the gaining for the losing team.

Accardi scored the first two Bristol touchdowns, his tenth and eleventh of the season. He was also responsible for the third touchdown by throwing an aerial to Jack Meehan. Kohler scored both of the Morrisville TD's and also added the extra point. Kohler played end on defense and fullback on the offense. He replaced the injured Tommy Trout in the Morrisville backfield.

One of Accardi's touchdowns was a sensational 69-yard gallop in the first quarter. The second was a 9-yard line slant. All morning, Accardi was making nice gains through the line on holes bored by the Bristol linemen. In the open field, Accardi was given fine blocking support. In his 69-yard dash, it appeared that Frank Gorman would catch him until Ercolo Petrizzi threw the block that put the Morrisville player out of the running.

It was the final game of the season for Accardi, as he is in this year's graduating class. Others who played their own game were: Herb Sherwood, Jack Meehan, Charles Foltz, Al Holeten, Dan Davis, Bill White, and Jim DeVoe.

Morrisville lost a touchdown because of a penalty in the first quarter. Brunner kicked off to Accardi on the 20, the rubback being to the 28. Petrizzi picked up 2 yards at center. On a criss-cross, Accardi gained 5. Accardi fell on the ball next play for a 2-yard loss. Accardi's attempted kick was partially blocked. Johnny Krysa recovering for Morrisville on the Bristol 33, Charlie Galambos handed off to Ed Kohler who ran 24 yards to the Bristol 9. Bristol drew a five-yard penalty, placing the ball on the 4. Kohler crossed the goal-line for a touchdown but a penalty was called, Morrisville being penalized five yards to the 9. Two line plays were unsuccessful. On third down, a jump pass was tried but Petrizzi blocked the throw, the ball going into the air and into the waiting arms of Jack Meehan. Accardi made three yards off tackle. After Petrizzi tried the line without success, Accardi went through tackle, got out into the open, eluded two would-be tacklers and ran 69 yards for a touchdown. Accardi tried the line for the extra point but did not make it.

Davis kicked off to Howard Hoechst on the 35. He ran it back to his 41. On a pitchout from Galambos, Kohler went around end for 7 yards. Don Widmann pounded center for 2 yards and Kohler picked up another. On fourth down, Kohler was nailed at the line of scrimmage by Davis and White, Bristol taking over at mid-field. Holeten lost a yard and a fumble cost four more, as the quarter ended with Bristol ahead, 6-0.

Gibbs' pass at the start of the second quarter was short. Accardi kicked to Sullivan who was stopped in his tracks on the Morrisville 31.

Widmann picked up 3 and Sullivan added 2. Kohler was stopped by Rubino and Gilles without a gain. Dietrick kicked to Accardi who ran 5 yards to Bristol's 45, but Morrisville was caught off-sides and so kicked again, this time Accardi was stopped on his 39. Accardi lost three yards and then gained 4. A pass failed so Accardi kicked to Sullivan on the 12, he coming back 3 yards. Kohler no gain. Kohler picked up six on an end run. Sullivan tried end for 1 yard. Dietrick booted to Accardi who ran to the Bulldogs' 49. On a pitchout, Holeten lost 1. After Gleason found an opening in the line, he went 9 yards. Petrizzi followed with a 1st on the 18. Gibbs, on a fake hand-off, went to the 4-yard line. An off-side penalty put Bristol back to the 9 but Accardi scored on a slice off tackle. A pass, Accardi to Meehan, failed in the conversion attempt. Bristol was now leading 12-0.

With less than two minutes remaining to play, Coach D'Angelo yanked most of his regular string players but the plan to rest his first-stringers backfired as Morrisville scored. The kickoff went to Krysa who ran to his 38. An end run by Kohler put the ball on Bristol's 47. Frank Gorman threw a pass to Krysa who caught it on the 29. When about to be tackled, Krysa lateraled to Kohler who went the remaining 20 yards to score. Kohler hit the line for the extra point. After the kickoff, the half ended with Bristol leading, 12-7.

Davis kicked off to Kohler on the 10 but he could only advance it 2 yards to start the second half. Two line plays netted 3 yards and with a 5-yard penalty, Morrisville was forced to kick. Dietrick booted to Holeten on the 49, he ran it to the Morrisville 37. Holeten gained three and Petrizzi five. Accardi on two plays made a first down on the home team's 25. Gleason gained 15. Accardi broke loose and went to the 3 but an off-side penalty put the ball back on the 25. Accardi took a hand-off from Gibbs and then passed to Jack Meehan who caught it on the 3 and went over unmolested. Les Gibbs planted the ball between the uprights for the extra point, giving Bristol a 19-7 lead.

On the kickoff, the ball was carried by Widmann from the 22 to his 34. Bristol was penalized 15 yards putting the ball on the 49. Kohler on two plays went to the 9. Widmann was stopped. On fourth down, Galambos, on a quarterback sneak, made a first on Bristol's 40. Rubino and Gleason got Kohler for a 9-yard loss. Galambos passed to Kohler who in turn passed back to Galambos for a first on Bristol's 20. However, Bristol held for downs, forcing Dietrick to kick out of bounds on the 18 as the quarter came to a close.

Holeten ripped the line for 6 and 2. Accardi made a first on Morrisville's 31. Bambach and Davis got Accardi before he could get started. Holeten gained two so Accardi punted to Widmann who ran from Bristol's 42 to 40. A pass, Galambos to Hoechst, was good for first down on Bristol's 16. Kohler advanced 3 yards through tackle. On a fake pass, Widmann went around end for a first on the 3. Kohler went to the 1-yard line. Kohler and Widmann were thwarted on two line attempts. On fourth down, Kohler hit the line and barely went over for the score. As Jerry Brunner missed the conversion kick, Bristol's lead was 19-13.

Time ran out on Bristol's final bid for another touchdown. Brunner kicked to Gilles on the 49. He hauled it to the 48. Petrizzi gained 7. After Accardi picked up two, Holeten made a first on the resident team's 40. Accardi went off tackle for 3. On a criss-cross, Holeten went 7 yards to Morrisville's 30. Gleason steam-rolled his way to the 25 and Holeten followed with a first on the 11. Gleason and Accardi went to the five-yard line on two plays as the game ended.

Between halves, the bands of both schools rendered selections and drills. There was the annual presentation of a basket of chrysanthemums by the home team's cheerleaders to the visiting cheerleaders.

After the game, fans ripped down the Morrisville goal-posts and the players of the Bristol team carried their coaches, D'Angelo and Watson, on their shoulders along the sidelines to the bench.

Bristol has now won 14 games.

You May Need Social Security No. for Yourself

If you work for yourself, you may need a social security account number when you file your income tax return for 1951, according to Ruben R. Blane, manager of the Trenton social security office.

Blane said that the 1950 amendments extended old-age and survivors insurance coverage on a compulsory basis to all self-employed persons except farmers and members of certain professional groups, such as doctors, lawyers, architects, engineers, public accountants, and funeral directors. Even farm operators, or people self-employed in the excluded professions are affected if, in addition to their regular work, they engage in a self-employment enterprise covered by the law as for example, a doctor who also operates a drug store, or a lawyer who is also self-employed as an insurance broker.

If you are self-employed and are covered by the law, you'll have to pay a social security tax when you file your Federal income tax return for 1951, unless the net earnings derived from your trade or business are less than \$400 for the taxable year. Payment of the tax is mandatory if you meet the requirements; however, only the first \$3,600 of your net earnings will be taxed. The tax rate for 1951 is 2 1/2% for self-employed persons, and the tax must be paid in full when you file your 1951 tax return.

"Some self-employed persons will be able to retire as early as January 1, 1953, and receive the maximum retirement benefit," Blane said. "For example, a person who reaches the age of 65 by January, 1953 will be eligible for retirement at the maximum of \$50 a month, if his net earnings are at least \$3,600 in each of the years 1951 and 1952. Although an employee working for wages may file a claim as early as July 1, 1952, if he reached age 65 and retired at the end of June, the self-employed person who reaches 65 at the same time must defer filing his social security claim until the beginning of 1953. The reason for this is that he cannot get credit for his 1952 earnings until he has filed them on his income tax return for that year, and he cannot do this until the beginning of the following year. If he does not delay filing his claim for social security retirement benefits until he has filed his 1952 return, his benefit payment rate will be based on his 1951 earnings entirely. Since a minimum divisor of 18 months must be used in figuring the average monthly earnings upon which the benefit rate is based, he will not get the maximum in monthly payments that his self-employment earnings would indicate.

Self-employed persons who do not already have social security numbers can get them from the Trenton office of the Social Security Administration. Blane said that his office has just received a supply of a new booklet called Do You Work For Yourself? which explains social security for the self-employed. Any interested person can obtain a copy free of charge by telephoning Trenton 4-5301 or by writing a letter or postcard to the Social Security Administration, Post Office Building, Trenton, N. J. For the convenience of the residents in this area, a representative will be at the Bristol Post Office every Tuesday of the month at 10 a. m.

BENSALEM WINS OVER NESHAMINY IN EASY FASHION

LANGHORNE, Nov. 23.—Bensalem Township ended its 1951 gridiron season yesterday by smashing Neshaminy High, 28-0, in their annual Turkey Day classic on Playwicki field, here. It was the fifth straight win for the Owls and enabled them to the Morrisville High for second place. Bensalem finished its season's record with six wins, two losses, and a tie.

The Owls' touchdowns were made by Al Parker, Al Dominiani, Dick Gloyd and Bob Whitfield. The following seniors played their final game for the Cornwells Heights institution: Charles Babbitt, Bob Babbitt, Richard Gloyd, Lee Lane, Joe Mikellatis, Lou Uslin, and Whitfield.

Bensalem scored in the first quarter. An exchange of punts saw the Bensalem team taking over on its 15. Arnold was good for four and Mikellatis for two. Whitfield broke loose on a nice run to the Bensalem 37, but Neshaminy held for downs, so Whitfield kicked to the 20, where Lou Maurer ran it back five but fumbled and Gloyd pounced on the ball to give Bensalem possession. Carl Arnold was good for a first down on the 15. Whitfield and Arnold brought the ball to the nine from where Whitfield passed to Dominiani for the score. The extra point was converted by means of a pass, Parker to Whitfield.

The boys of Coach Marlon Van Horn made it 21-0 at half-time by scoring twice on intercepted passes in the second period. Whitfield intercepted the first of these passes on his 40 and ran 60 yards for a touchdown. The second pass was batted into the hands of Dick Gloyd and he went 45 yards to score. Parker converted both extra points by plunging over the line.

After being held scoreless in the third quarter, Bensalem pushed over its final and fourth touchdown in the last session. Hornmann kicked out of bounds on the Neshaminy 47. A pass, Whitfield to Russ Struble, was completed for a first down on the Redskins' 19. Parker got off on an off-tackle slant to register a first down on the 18. Parker then rifled a pass to Whitfield, who stepped out of bounds on the one-yard line. Parker pounded the line to cross the goal line. Struble placed the extra point to make the final count, 28-0.

Neshaminy never threatened and was on the defensive most of the game. It made five first downs to the winner's 12.

Say Skeleton is That of Woman from Bethlehem

just as Bucks County Coroner J. Alfred Rigby, had thought. Mrs. Malinowsky left her home in Bethlehem on August 2nd, and had not been seen or heard from since that date. Funeral services will be held Saturday in St. Michael's Russian Orthodox Church in Bethlehem and burial will be made in Union Cemetery, Hellertown, under the direction of John Black.

Dr. Groff made the identification positive when he said that the incisions in the skull were identical to those performed by him on a woman of her description in 1949. Bethlehem detectives contacted Langhorne State Police Trooper Adrian McCarr when they received the four-state alarm of the discovery of the body.

A check of missing persons files in Bethlehem revealed that Mrs. Malinowsky disappeared on August 2nd. Bucks County Coroner J. Alfred Rigby said the cause of death was undetermined.

The missing left arm may have been torn off by catching in brush along the river shore.

COUNCIL ROCK WINS OVER SOUTHAMPTON

LANGHORNE, Nov. 23.—Council Rock swamped Southampton High, 60-25, in its closing game of the season on the neutral Playwicki field in the annual Thanksgiving Day game between the schools.

Bob Teschner, Herman Teschner, and Bob Morris scored three touchdowns each for Council Rock with extra points to give him 23 points for the afternoon. Morris made his scores on runs of 61, 62, and 31 yards. He also had an extra point.

Jim Adair scored three of the Southampton touchdowns on passes from Bob Croft. Jim Heaton made the other six-point while the extra point was made on Warren Sinkler's placement.

The points scored by Southampton were the first this season for the greyhounds who lost eight games and had 285 points scored on it.

SANTA'S IN BRISTOL

Santa was greeted by eager boys and girls as he officially arrived in Bristol this morning to make his headquarters at Nichols Camera and Kiddieland (325 Mill St.) every day until Christmas. He promised his pack was full of toys for good girls and boys. In the photo Bette Jeanne Kiddy, Landreth Manor, Bristol, is telling Santa what she wants for Christmas.

Santa listened to requests for the old standbys—trains, bicycles, dolls and coaches, and many new items produced in his 1951 workshop such as atomic energy labs, complete forts, and remote control cars. Girls asked for dolls with rolling eyes, dolls whose hair can be dyed, and others that actually talk; dolls without faces complete with crayons for drawing on eyes, nose and mouth. They also asked for dishwashing sets complete with the same soaps, cleansers and tools that mommy uses. All the kiddies were given candy and balloons by Santa.

# 41 DIRECTORS TO TAKE OATH ON MONDAY, DEC. 3RD

Is The Largest Number Ever  
Chosen in Bucks County  
At One Time

## DR. ROBERTS RETIRES

Newtown Man, in Point of  
Service, is The Oldest  
Member of Board

Forty-one new school directors, the largest number ever elected in Bucks County at any one time, will take their oath of office on the first Monday in December. New directors will take their seats in at least 28 different school boards.

Warrington Township will have three new directors who will constitute a majority of the board members.

The past election produced several surprises with the election of school directors running contrary to the rest of the party tickets in at least six districts. In several cases the two successful school directors were split between the two major political parties. In over half of the school districts the directors had no opposition. The oldest director in the point

of service who did not run for reelection and who will be retired in December is Dr. W. A. Roberts, of Newtown Borough School Board. Dr. Roberts has served on the Newtown Borough School Board for 32 years. He is Past President of the Pennsylvania State School Directors Association.

The new school directors have been invited to meet in the County Education Building this evening at eight o'clock.

# LAST WEEK

TO JOIN BLUE CROSS AND BLUE SHIELD AS A NON-GROUP MEMBER  
UNDER THE PRESENT SPECIAL OFFER

Now you can join these famous nonprofit plans as a non-group member—NO MATTER WHERE YOU WORK—if you are under 66 and in good health. They pay hospital and medical-surgical bills for you!

Time is getting short—so hurry!

November 30 is the last day we can accept new non-group membership applications for Blue Cross and Blue Shield under the present special offer.

Now, so that thousands more families may enjoy their benefits, these famous nonprofit, community-sponsored plans have opened non-group membership to anybody under 66 and in good health. There are NO other restrictions. It doesn't matter where you work, or whether or not you can qualify for group membership. Even if a previous application of yours has not been accepted, a new one can probably make you a member. Your whole family can join. It's the biggest news in 13 years from Blue Cross and Blue Shield!

## Blue Cross takes care of hospital services

Nonprofit, community-sponsored Blue Cross doesn't simply hand you a bundle of money that might equal only a small part of your bill. Instead, Blue Cross provides the services you need—room, meals, nursing, operating room facilities, drugs and medications in common use (including penicillin and generally recognized "wonder drugs"), surgical dressings, many others. Blue Cross takes care of practically everything! Maternity benefits may be included. Nation-wide service. Once a member, you can stay a member as long as you choose.

## Blue Shield provides for all or most medical-surgical care

Nonprofit Blue Shield relieves you of all or a major part of surgical or medical-surgical expenses for treatment of any disease, injury,

fracture or dislocation. Cooperating doctors have agreed to make no charge whatsoever for services covered by Blue Shield in case of limited family income (for example, less than \$4,000 for families with two or more dependents). But you benefit under Blue Shield, regardless of your income.

## Cost is pennies a day per person

Only nonprofit plans designed for community service could possibly offer you so much for so little. Your whole family—no matter how large—can have full Blue Cross and Blue Shield protection, including maternity benefits, for less per day than the cost of a pack of cigarettes! Blue Cross family protection alone costs about 9¢ a day. Single people pay much less.

## Limited time offer—

get complete information today!

If you work where a Blue Cross or Blue Shield group exists, it is to your advantage to join it. Group members pay somewhat less, and benefits are slightly greater. But no matter where you work, you can now join either or both these plans as a non-group member, provided you are under 66 and in good health. Remember, applications can be accepted UNTIL NOVEMBER 30 ONLY. There's no time to lose—so mail the coupon today or telephone the number listed below for full information. You send no money and are not obligated in any way. No salesman will call—joining either or both of these plans is entirely up to you.

## NEWS OF SCHOOLS IN AREA---

All public, private and parochial schools in the Bristol area are invited to send news items for publication in this column which appears frequently.

## Council Rock District

On November 2nd the popular music club of Junior High School was invited to attend the rehearsal of Paul Whiteman's TV Teen Club at Town Hall in Philadelphia.

There were many fine acts consisting of dancing, singing, playing musical instruments, etc.

It was interesting for the students to be shown how television works. The day was thoroughly enjoyed by all of the members of the Popular Music Club and its leader, Mrs. Shick.

The following members participated in the trip: Anne Starr, Sandy Davis, Pam Conrad, Mary Lib Kenderline, Nancy Satterthwaite, Bob Traub, Milton Conner, Brenda Janney, Helen Hamkins, Joyce Koyser and Joan Keller.

The art club started this year by sketching people. Pam Conrad posed for us in an evening dress and Bill Caul was our model one day in his football uniform. During the last few weeks most of the members have been making bead rings. Now we are going to start linoleum blocks from which we will print Christmas cards.

Recently the students of Junior High were entertained by a versatile performer, Howard Johnston.

Mr. Johnston performed his show two times for the grades and once for the Junior High.

As a comical cowboy with a moral twist Mr. Johnston was warmly received by both students and teachers. He performed musical novelties, made animal balloons,

and had two trained dogs in a program which provided variety and chuckles.

On October 31, a special assembly was held at the fire hall to entertain the Richboro elementary and Junior High students.

Mr. Ware was the master of ceremonies. He was a magician and performed many old and new tricks. There was audience participation which added to the general enjoyment of the pupils.

The Student Council Employment Committee made a survey and found out that the students were interested in certain type jobs.

Senior News—The seniors of Council Rock High School are now preparing for the Senior Play. The play is in full swing and will be held the evenings of December 7 and 8 in the school auditorium.

Subscriptions for yearbooks are now being taken. The Junior high school is also buying yearbooks.

Club News—Junior Red Cross Club—This club is a new one to Junior High. The girls have started work on a baby's layette and also stuffed toys. These articles, when finished, will be distributed to local child care centers and hospitals. The aim of the club is to promote ideas of service and understanding of others and their problems. The Junior Red Cross Club recently conducted a successful drive for funds in the Junior High.

Home-Economics Club—The members of the Home Economics Club are learning to knit. Mittens, boys' hats and squares for an afghan have been started.

Delhaas High School—Monday, November 12th, ninety-five Delhaas tenth grade students attended the Bristol High School Senior Class Play, "George Wash-

ington Slept Here." It was a special matinee performance offered to the local Lower Bucks County High Schools by the Dramatic Club under the direction of Philip Frankmore.

Former Delhaas pupils who participated in the play were Jay Katz, Janet Plowman, Lorraine Carango, Dwight Spencer and Marion Cross.

The Delhaas group was accompanied by three tenth grade class teachers, Miss Foley, Mr. Sparks and Mr. Ritter.

The play was received with much enthusiasm and delight. All those attending were very appreciative to Bristol High School for this enjoyable experience.

## "WASHINGTON REPORT"

By FULTON LEWIS, JR.  
(Copyright, 1951  
King Features Syndicate, Inc.)

WASHINGTON, Nov. 23 — The editors of Time Magazine had in their possession two military intelligence reports listing Gustavo Duran as a communist when they labeled Senator Joseph R. McCarthy a liar for having so labeled him.

The reports, in memorandum form, were sent to Time's New York office in 1947. Time's editors, as McCarthy has pointed out, also had a report from a Time reporter who toured with the Senator recently stating that "the evidence on Duran was one of the most convincing links in the picture of communist infiltration of government." Yet Time calls Duran "clearly anti-communist."

Col. Wendell G. Johnson, military attaché, American embassy in Spain, filed a confidential intelligence report on Duran in 1946. This is one of the memoranda in Time files. It reads in part:

"Duran became one of the leading members of the Youth of the Communist Party and greatly contributed to the merger of the Communist Youth with the Spanish La-

bor Party. When the international brigades were brought into the Madrid and Aranjuez fronts, Gustavo Duran formed part of the high Russian general staff, with headquarters at Tarancon and its vicinity, where they left sad and hideous recollections."

Duran is now on the United Nations payroll engaged in work having to do with screening refugees coming into this country.

When Col. Johnson wrote his intelligence summary, Duran was in Washington working for Spruille Braden, former ambassador to Argentina.

The other intelligence file on Duran in possession of Time Magazine when it published the article on McCarthy was compiled by Lieut. Edward J. Ruff, assistant military attaché in the Dominican Republic. Addressed to the American Intelligence Service, it was dated December 30, 1943. A previous report on Duran by Ruff had aroused the State Department's ire. Ruff got a letter labeling his report "absolutely incorrect." He replied:

"Our only statement in the report

on Duran is that he was a member of the communist party in Spain. From further reports received, this information can now be evaluated as A-1. For your own knowledge, the information on Duran was submitted by a Spanish refugee who also served as a lieutenant colonel in the Spanish Republican (communist) army and had served on Duran's promotion board in Spain, which board was charged with considering Duran's promotion. As our source was actually sitting on the board, he himself saw all Duran's papers and letters and had access to complete information regarding Duran's background.

"I myself, am convinced that Duran was a communist and consider Ambassador Braden's statement that he (Duran) is a 'liberal of the highest type' to be an euphemism. Under the circumstances I believe the reliability of our report still remains as originally submitted."

With this evidence at hand, Time Magazine labeled Duran an anti-communist who spent the war years tracking down Red agents in Cuba. This sort of thing doesn't help Time's reputation for accuracy. Maybe it can explain how the two intelligence summaries were overlooked in its own files, but why Time failed to stumble onto still another ripe source on Duran is a real mystery. McCarthy calls it "sinister dishonesty."

Indalecio Prieto, former minister of defense for the Spanish Republican cause — the communists — has written a book called "Why and How I Left the Defense Ministry

in the Intrigue of Russia in Spain". booted Duran out of the S.I.M. and Prieto ran the S.I.M. the Spanish counterpart of the Russian secret police. Duran worked for him. He now recommends to the editors of

Time Magazine and to all their writers and researchers.
